PROSPECTUS OF THE "CONGRESSIONAL UNION" AND "APPENDIX," &c.

THE UNDERSIGNED respectfully inform the public, that, with the commencement of the approaching session of Congress, they will begin the publication of the "Congressional Union" and "Appendix." The first will contain a full and accurate history of the daily proceedings of both branches of the national legislature. It will be compiled with such care, that every citizen who is interested in the public affairs will find it a complete synopsis of their proceedings, and a ready book of reference upon all questions which come before them.

The second, (the "Appendix") will contain every speech which is delivered in the House of Representatives and Senate during the session, reported at length by a full and able corps of congressional reporters, and revised before publication by the authors, whenever it is requested. These two works will be strictly impartial, and are intended to be as interesting and useful to the man of business, and to the politician of the one party as the other.

It may be said, without exaggeration, that the next session of Congress is destined to be one of the most important which has taken place since the foundation of the government. It is the long session. It is the session which will develop the general plan of the present administration. Its measures will stamp the character of our institutions for years to come. Some of the most important questions which are connected with our foreign relations, or our domestic concerns, will be presented for their consideration. The final measure of ratifying the constitution of Texas, which is to consummate her admission into our Union, and the admission of her members into our public councils—every measure which affects the Oregon question—our relations with Mexico—as well as the final decision on the revived Zoll-Verein tariff—these, and other measures which are more or less connected with our foreign relations, will come under the review of the approaching Congress. Most of the eminently important questions which relate to our internal concerns—the revision of the tariff—the adoption of the best mode for preserving the public moneys—a variety of commercial measures—perhaps the best system for regulating the important interests of Texas—the Indian questions—the land question—the best system for our navy—these and others will constitute a mass of business which is calculated to command much of the time of Congress, and much of the attention of the people. They will all be reported by the "Congressional Union."

The Daily, Semi-Weekly, and Weekly Union, will, as usual, embrace an interesting variety of matter on political, scientific, and literary subjects, along with the current news of the day. The editor will continue to devote all his energies to the improvement of "The Union." He finds many accomplished men in this city. The administration has brought with it a considerable accession of talents. Several tried and distinguished members of the democratic party have accepted of office under it. Some of them have liberally contributed their literary labors to our benefit; and we hope to enlist others in our service. Besides, the time is not far distant when the editor intends to call other talents to his assistance. His ambition is, to make his paper worthy of the metropolis of the Union. He is persuaded that, with the facilities which his position enables him to employ; with the official and other materials placed within his reach; and with the aid of the correspondence which he is attempting to establish in foreign countries, a paper may be published, which is not unworthy of the support of his country. In undertaking the task, he knew he had many difficulties to overcome, many lessons to learn, many sacrifices to encounter. He knew that, amid the arduous cares of a new theatre, he could not at first do justice even to himself; but his zeal has never flagged. What enthusiasm and industry can never effect, will be fully accomplished. Some errors he may have already committed. But upon one point, he can speak with great pleasure and with equal freedom. The men who are administering this government are working men, anxious, as he believes, to do their duty, to serve their country, to carry out the pledges under which the President was elected, and the great principles of the party. So long as the administration is conducted in this spirit, and upon those principles, he is prepared to co-operate with them in the public service; and to give them, as he proposed in his prospectus, a "fair, liberal, and efficient support."

We feel a deep sense of gratitude for the prompt manner in which our political friends, in every section of the country, have already come forward to sustain the "Union." May we not hope that our friends throughout the United States will continue to assist our labors, and prevail upon their friends to take some edition of the "Union?"

As this will be the long session of Congress, and will probably last eight months, we have concluded to publish the CONGRESSIONAL UNION and APPENDIX on the following

HONOR TO WHOM HONOR IS DUE.

IT may truly be said, that no one has ever been so successful in compounding a medicine, which has done so much to relieve the human family, to rob disease of its terrors, and restore the invalid to health and comfort, as the Inventor and Proprietor of that most deservedly popular family medicine, Dr. Swayne's Compound Syrup of Wild Cherry, and none has been so generally patronized by the Profession and others, both in this country and in Europe, nor has there ever been so great an effort in the short space of six or seven years, to deceive the credulous and unthinking, by putting up Nostrums of various kinds, by various individuals, affixing the name of Wild Cherry, and as much of the name of the original preparation as will screen them from the lash of the law, and one of the impostors who puts out the common name of the shops and calls it the Balsam of Wild Cherry, has had the impudence to caution the public against the original preparation, Dr. Swayne's Compound Syrup of Wild Cherry, which is doing so much good in the world.

Beware of such impostors. And purchase none but the original and only genuine article as prepared by Dr. Swayne, which is the only one compounded by a regular Physician, and arose from many years' close attention to this practice of the profession, and which led to this great discovery. Thousands and tens of thousands of the best testimonials of the unparalleled success of Dr. Swayne's Compound Syrup of Wild Cherry for the cure of consumption, coughs, colds, spitting blood, liver complaint, tickling or rising in the throat, nervous debility, weakness of voice, palpitation or disease of the heart, pain in the side or breast, broken constitution from various causes, the abuse of calomel, &c., bronchitis, asthma, whooping cough, &c., were declared to the world years before any other preparation of Wild Cherry came out. The most skeptical may satisfy themselves as to the truth of the above, by a little enquiry in Philadelphia. The genuine article is prepared only by Dr. Swayne, whose office has been removed to N. W. corner of 8th and Race streets, Philad'a. The Balsam and other spurious articles of Wild Cherry have been sold out, and the proprietors are obliged to resort to falsehood and stratagem to make their own out of it. The genuine article is put up in plain style in square bottles covered with a blue wrapper, with a yellow label with the proprietor's signature attached. To get the genuine in Wilmington, you must go to the only appointed agent.

The public are requested to remember that it is Dr. Swayne's Compound Syrup of Wild Cherry, that has and is repeatedly performing such marvellous cures of diseases which have baffled the skill of our profession and set at defiance the whole catalogue of Patent Medicines, which are daily peddled through the organs of the press. Therefore ask for Dr. Swayne's Compound Syrup of Wild Cherry, and purchase no other.

TO THE PUBLIC.

INFORMATION WANTED.—FRANCIS JONES, recently died in the Parish of these, Louisiana, leaving no heirs of his body in that State. He left considerable property, and the object of this publication is to ascertain who are entitled to the succession fund: who are a native of Wilmington, N. C., and that he removed from this place in boyhood, leaving behind him parents, and brothers and sisters. He died at an advanced age, and of course must have been a long while absent from this place. This is a matter of importance to the heirs of the deceased Mr. Jones, as he left considerable property. Those who may possess any information on the subject will please call on the subscriber.
